

## Timer

The Timer is a clock you can use to help pace your own presentations, coordinate multiple presenters or time student work activities by tracking the allotted time. Only one Timer can be running at a time in a session.

The Timer Settings dialog has the following components:

### Start the Timer

Click on the Start Timer icon on the menu bar.

The Timer dialog box opens in a separate window.

## Setting the Time

You can set the Timer to work in one of two modes:

- You can have the Timer **Count down** from the number you specify to zero.
- You can have the Timer **Count up** from zero to an indefinite time.

### Counting Down

1. Click on the *Count Down From* radio button.
2. Move to the time field (Hour, Minute or Second) you want to change. Either click in the desired field with your mouse or use your Right and Left Arrow Keys.

### Counting Up

### Select your Timer expiration indicator options.

Choose none, one or both options:

- Choose *Play Sound* if you want a “beep” to sound when the Timer has expired.
- Choose *Display Message* if you want to display a visual message when the Timer has expired. (This is the default option.)

### Select your visibility options

Choose one:

- Choose *Show to All* if you want everyone in the session, including Participants, to see the Timer. This includes showing in Breakout Rooms.
- Choose *Show to Moderators Only* if you want only Moderators to see the Timer.

### Starting, Pausing and Resetting the Timer

1. Click on the Start button. The Timer will end when zero is reached.
2. To pause the Timer, click on Pause. When paused, the time can be changed.
3. To resume it again, click on Resume.
