

Test Your Computer Readiness

Get Your Computer Ready for a CCC Confer Session

Click this link [Test Your Computer Readiness](#) to check for connectivity and Java installation. If Java is not installed, you will be prompted to download any required software. Just click the "Run", "Install" and "Accept" statements that appear on your screen. When the computer has the required components, you will see the "**Congratulations!**" message.

If you are using **VoIP** (Voice-over-Internet protocol) to attend your CCC Confer sessions make sure to have your integrated headset plugged in *prior* to connecting to the test room. After you receive the **Congratulations** message and before you exit the room; click on the following to run the **Audio Setup Wizard**.

Please contact us if you have any questions.
